PROFESSIONAL EXPERIENCE

PT. BANK CIMB NIAGA TBK.   **Tangerang, Indonesia**
Information Technology Developer Intern   **FEBRUARY 2024 - FEBRUARY 2025**

- **Front-End Development:** Skilled in creating responsive interfaces using React and Tailwind CSS.
- **UI/UX Optimization:** Experienced in refining designs and components based on user needs.
- **Solution Design:** Capable of designing and implementing features like pop-ups and DOR integration from requirements.

Quality Assurance Intern   **FEBRUARY 2025 - APRIL 2025**

- **Software Testing:** Experienced in conducting **System Integration Testing** (**SIT**), **defect retesting**, and supporting **User Acceptance Testing** (**UAT**) and **Production Verification Testing** (**PVT**), especially for banking modules such as **TRS** and **SLIK**.
- **Test Documentation & Process Understanding:** Gained hands-on knowledge of standardized testing processes within the banking industry, including structured workflows and test lifecycle management.
- **Support in Production Environment:** Assisted in verifying systems during the go-live phase and ensuring operational readiness during **Stage 2 Production**.

Technical Projects :

- **Sentiment Analysis of Women's E-commerce Clothing Reviews Using SVM, ANN, and BERT Models**
  - Applied **NLP techniques** to preprocess review data and engineered features for model training.
  - Demonstrated model evaluation and comparison using standard classification metrics (accuracy, F1-score, etc.).
  - Utilized tools such as **Python**, **scikit-learn**, **TensorFlow**, and **HuggingFace Transformers**.

EDUCATION

BINA NUSANTARA UNIVERSITY   **Tangerang, Indonesia**
Bachelor of Computer Science, GPA 3.55   **2021-2025** (**Expected**)

ADDITIONAL INFORMATION
